

'Destination Plantation'

The Plantation Garden Co. Ltd & Redburne Landscapes

To complement their two 'Back-To-Back' creations, Cheshire based designers Plantation & Redburne Landscapes have created 'Destination Plantation'.

An eclectic mix of imaginative ideas provide the inspiration—whatever your style. From lush tropical vegetation to traditional country cottage, oak woodland to incredible edible, we aim to illustrate how good, simple garden design can be put to practical effect whatever the size of plot.

Afternoon Tea for Two at Plantation's

Colonial Cafe

Bring along this coupon to receive the delicious Afternoon Tea from our menu at the special price of just **£12 per couple.**

Valid Monday to Friday 2pm—4.30pm
1 couple per voucher, while stocks last, please pre-book.

Plantation is a family business, owned and run by award winning garden designer Andy Yates.

Situated in the heart of rural Cheshire but only 10 minutes from J19 of the M6, we have a fine 'Plantarea' and our lovely 'Colonial Cafe' serves hearty homemade food—much of which is made from the produce of our own 'Incredible Edible Garden'.

Many of our plants are grown on site or sourced from local growers, but we also have garden furniture, garden buildings, landscaping materials, a 'Garden Essentials' shop and those all important finishing touches, such as pots, statues & bird baths.

Redburne Landscapes are run by father & son Tim & Mat Tucker. They are based in Goostrey and have been designing and building gardens throughout the North West for the last ten years.
